1. Scope & Purpose of the policy

1.1 Scope

This policy applies to all LMC Employees, students, visitors and contractors whilst on LMC Premises and to LMC employees and students whilst undertaking LMC activities.

1.2 Purpose

The purpose of the policy is to meet the following objectives :

- Prevent accidents and cases of work/learning related ill health
- Provide adequate control of the health and safety risks arising from work and learning activities in order to provide a safe work/learning environment.
- Ensure all employees and students have the skills, knowledge, training and experience to undertake their work safely.
- Provide a safe environment for visitors and contractors and ensure suitable and sufficient information is provided on health and safety matters relevant to their individual undertakings.
- Implement emergency procedures including evacuation in case of fire, invasion or other significant incident
- Engage and consult with employees, employee representatives and students on matters affecting their health and safety.
- Provide guidance and control during a Pandemic ie Covid 19

2. Policy statement

LMC recognises and accepts its responsibility in respect of health and safety and will ensure the provision of conditions that comply, as far as is reasonably practicable, with the requirements of the Health and Safety at Work Act 1974 and all other relevant Health and Safety legislation.

The health, safety and wellbeing of learners, staff and its wider community is a fundamental value of LMC.

It seeks to provide the foundation for the College to establish and ensure a positive health and safety culture for all members of the College community, through coherent processes and compliance with all relevant standards, thus enabling staff and learners to achieve their potential in an environment where positive wellbeing is the expectation for all, producing learners and staff who flourish by being confident, healthy, safe, emotionally resilient, risk intelligent and personally fulfilled.

The Board of the Corporation of Lancaster and Morecambe College is committed to achieving, so far as is reasonably practicable, the best standards of health, safety and

H&S Policy 20-21 – V1 Oct 20

welfare for its employees, learners, visitors and others who may be affected by the activities of the College and to fully meet its legal obligations and corporate responsibilities.

The College considers health and safety to be an integral part of quality and will endeavour to have in place an effective health and safety management system and demonstrate continuous improvement in line with the HSE model HSG65.

Injuries and accidents can often be avoided. The College is determined to improve systems to reduce injuries and ill health.

There is a management structure in place to implement the Health and Safety Policy. This structure includes a competent person who will work closely with College Managers, and Senior Management Team and report at least on an annual basis to the Corporation in order to achieve implementation of this Policy.

All employees of the College have responsibilities for their own health and safety and should co-operate with the College as their employer to achieve safe working practices. Managers will consult staff on matters which may affect their health and safety.

This Health and Safety Policy document sets out the management of health, safety and welfare and outlines the arrangements made by the College to achieve the aims of the policy statement.

College managers have responsibility for compliance with health and safety legislation within their areas of responsibility. They are responsible for the oversight and implementation of a suitable and sufficient management system in their areas of responsibility to ensure that the Policy, and the arrangements made within it, are carried out.

This policy forms part of employees' conditions of employment. Failure to comply may be treated as a disciplinary matter. This Policy document will be the subject of an annual review and will be updated as circumstances and legislation change to ensure that the Policy remains relevant to College activities.

Coronavirus (COVID19) Pandemic

The Principal is the Responsible Person for the management of arrangements during the Coronavirus (COVID19) pandemic across the college and will create and keep updated a comprehensive overarching Risk Assessment, which follows the directives issued by the Government and its agencies. It details specific arrangements and designated responsibilities for managing all aspects of the College's operations during the pandemic and is disseminated to all staff. Those arrangements and responsibilities do not negate the requirement to adhere to the provisions within this Health and Safety Policy

Specifically, the College undertakes:-

- i) To bring the Health & Safety Policy document to the attention of all employees and ensure they fully understand their responsibilities as described in this policy

- ii) To provide adequate resources to ensure that proper provision can be made for health and safety and include prime consideration of health & safety in all forward planning.
- iii) To carry out risk assessments where necessary and including those required for the Covid 19 pandemic which will be periodically reviewed as required.
- iv) To ensure that systems of work will be implemented to minimise risk to health
- v) To provide all employees with such information, instruction, training and supervision as is necessary to secure their health and safety at work, and the safety of others who may be affected by their actions
- vi) To provide, so far as is reasonably practicable, for all employees, students and site visitors, a safe place to work learn and visit with safe access and egress from it
- vii) To provide occupational health services for employees and support human resource development
- viii) To provide and maintain all plant, machinery and equipment to ensure that it involves minimal risk to health and safety
- ix) To provide adequate facilities and arrangements with regard to welfare for employees at work
- x) To report (where required) accidents and cases of ill health to the HSE and funding organisations
- xi) To monitor activities to ensure that procedures in place are being implemented and agreed standards are maintained
- xii) To maintain adequate control of employees from organisations contracted to work on College premises on behalf of the College
- xiii) To develop safe learners and embed the principles of H&S in to the curriculum and College systems. Promoting risk education awareness and intelligence as an integral part of learning.
- xiv) To embed the themes of Health, Safety & Wellbeing in all areas of the College
- xv) To encourage and support the raising of standards and 'best practice' approaches, and to work in partnership with key stakeholders
- xvi) To review the Health and Safety Policy at least annually and update it as and when necessary. Communication of any such changes will be made to all employees.
