

Interested in becoming a Governor?

Lancaster & Morecambe College is looking for individuals with a broad range of skills and expertise to join its voluntary Board of Governors and assist in driving forward the strategic direction of the College and in the delivery of its Purpose and Values.

LMC is a General Further Education College providing a wide range of vocational and technical education for post-16 learners and apprentices in Lancaster, Morecambe and the wider surrounding districts of north Lancashire and South Cumbria. The College places itself at the heart of the communities it serves.

The Board of Governors oversees the work of the College and provides strategic leadership to support and challenge leaders. Governors make strategic decisions that will ensure the future of the College and that the courses it delivers meet the needs of its local communities. It is an extremely rewarding role that has a demonstrable impact on the lives of young people and adult learners who access College. A Governor brings professional skills, life experience and, importantly, their commitment to having a positive influence on the strategic direction and impact of the College.

We are always keen to hear from anyone interested in joining the Board and we are particularly seeking people with knowledge, skills and experience in any of the following areas:

- Finance and/or Audit
- Primary School Links
- Property/Estates Maintenance
- Community/Voluntary Experience
- Leadership Experience in FE

We would also be particularly keen to hear from local employers and businesses.

The Board encourages applicants from diverse backgrounds and interests and operates an inclusive policy regarding Board membership. No formal qualifications are necessary and all applications will be considered.

If you feel that you could fulfil the role of a Governor, please contact **Oona Cushen**, Governance Advisor, on o.cushen@lmc.ac.uk to arrange an informal discussion.
